

Hunter Bag Inserts Needed Soon

The Eureka Chamber of Commerce and Eureka Community Development Company are again teaming up to provide Hunter Bags to those hunting in the area this fall.

Chamber has ordered a new supply of bags which will be here in time to fill with information from local merchants. Business cards, pens, coupons, flyers with event information, a local fall hunting publication, and brochures about Eureka are typically items that are included in the bags.

Those who would like their promotion items in the bags must have them at the Information Center on or before October 5. All items must be ready to insert into the bags and 250 are needed of each item.

Volunteers will stuff the bags and they will be available for the Pheasant Opener on October 15 at Ken's Food Fair and the Eureka Information Center.
