

What's Developing

A section of the website at www.eurekasdcom is dedicated to annual events in Eureka. Currently 11 of them are listed.

If your club or organization has an annual event that should be listed get the information to the Eureka Community Development Company office.

For those who have events already on the site, please check them for accuracy. As soon as posters or brochures are available for your event those can also be posted on the website.

You can submit information at any time to update your event. Email the information to ecdc@valleytel.net or drop it off at the Information Center.
