

What's Developing

The Eureka Community Development Company will be offering the Dave Ramsey financial training course next fall. The 7-week course will begin on September 8 and will be held each Sunday afternoon 3:00-4:30 PM at the Information Center. The facilitator will be Pastor Ryan Gage.

You don't have to sign up for awhile, but this gives you time to do some research on the course and decide if it would be something of benefit to you. There is information at www.daveramsey.com, or you can call the Eureka Development office or Pastor Gage if you have questions about the classes. This training is open to anyone who would like to participate.
