

What's Developing

The Eureka Top Hats are a group of Eurekaans who enjoy celebrating with businesses. Comprised of members from the Eureka Chamber of Commerce and the Eureka Community Development Company, the group is best known for ribbon cutting ceremonies. They also preside at Open Houses and Grand Openings. If there is a reason for a business to celebrate, the Top Hats are happy to be a part of that celebration.

Some reasons for celebrating are a specific year in business (such as the 5th, 20th, or 25th), adding a new department or service, new location, new ownership, or you just want to welcome people into your business on a specific day.

The Top Hats take care of publicity, issue invitations, provide speakers, and in the case of a ribbon cutting, they even supply the ribbon. If your business has questions or would like to have the Top Hats help organize a celebration, contact Charles Koerner to get the process started.
