

## What's Developing

By the beginning of June the group working to make Welcome Wagon baskets for newcomers to Eureka plan to have items collected to make an initial 10 baskets. After most have been delivered, the group will assemble additional ones.

Representatives from Eureka Chamber, Eureka Thrift Store, Eureka Development and Youth Voices met to make plans and to divide up the work. One group will collect the items for the baskets, one group will assemble the baskets, and another will deliver them and serve as mentors to those new to town to help them transition into the community.

All local businesses and organizations are invited to provide items for the Welcome Wagon baskets. Some items that have already been given for the baskets are pens, business cards, brochures, small gifts, caps, key chains, gift certificates, books, and coupons. Anything that will let potential new customers know about your business or organization is a possibility.

If no one has visited your business to ask if you would like your promotional items put in the baskets, feel free to drop off enough to put in the initial 10 baskets at the Information Center and they will be included.
