

What's Developing

There are 2 rental property lists that have been compiled by the Eureka Community Development Company. Each can be picked up at the Information Center or seen on the website in the Housing section. Each property owner is responsible for getting updated information for their listing to Eureka Development, and changes are made whenever requested.

The year round rentals have 19 listings. All contain the owner's name, contact information and a description of the rental property.

The same type of information is found in the list for hunter and limited stay housing. There are currently 60 listings in that area.

Anyone who is not currently on one of the housing lists and would like to be can contact the Eureka Development office with information to be included. Both the printed lists and the online listings are done as a free service.
