

What's Developing

Just a reminder to organizations who have annual events – if you have not yet turned in your form to the Eureka Community Development Company office, it needs to be in by September 30. This will ensure listing in the calendar of events in the 2015 SD Vacation Guide and Glacial Lakes & Prairies Tourism Guide. The updated information will also be placed on the Eureka website. If you need a form, it can be picked up at the Information Center.
