

What's Developing

Have you thought about starting your own business? Do you know WHAT you want to do, but have questions about HOW to do it?

The Small Business Development Center along with SCORE (Service Corps of Retired Executives) are offering a great place to start. On Thursday, October 16 they will host a discussion that will give an overview of what is involved in a startup including business planning, marketing, management, and financial projections. You will also hear from a successful company who has "been there, done that" and can offer tips for startup success.

Startup topics will be covered by Kae McNeil of US Bank, Terry Flamboe of Harr Motors and Kelly Weaver and Carla Burns from the Small Business Development Center. Emily Heintzman of Double Duty Portable Storage and Movers, LLC will share her success story.

The meeting will be held at the Smart Center at 416 Production Street North in Aberdeen from 11:45 am to 1:00 pm. The \$10 fee per person includes lunch and materials. Register by October 15 to kweaver@midco.net or call 605-626-2565.

If you are tossing around the idea of starting a business, this would be a low cost way of finding out more about business startups and maybe help you decide whether or not you want to take the plunge into the world of business ownership.
