

What's Developing....

A "How to Lead a Meeting" seminar will be held on Thursday, November 19 at 7:00 PM at the Information Center and it will be taught by Pastor Ryan Gage.

The same information will be presented as the seminar held on October 7.

Some topics that will be addressed are setting an agenda, taking minutes, making motions, discussion, voting, constitution and bylaws, and roles of those serving as officers and on committees. Hand-out material will be provided.

The October seminar was well-attended and well-received. It was scheduled to go for an hour, but because of some great discussions and questions posed by those in attendance, it lasted longer than the scheduled time.

Feel free to bring your questions when you attend on November 19 and they will be answered at that time.

All ages and people of all degrees of meeting experience are invited to attend.

This is sponsored by the Eureka Community Development Company and there is no cost to attend.
