

What's Developing

As the Eureka Community Development Company celebrates its 30th year of economic and community development in Eureka, we are taking a look back at the people, businesses and events that were a part of those 30 years.

This column's focus is on the year 1991.

Affiliation from previous years continued with Bertsch Designs, Southshore, Knoepfle Drag Line, Day Break, and Kauk's Meat Market. New business projects that year were Stitch in Time, Eureka Recycling, and Eureka Bakery.

The board of directors was actively engaged in recruiting a group to make use of the Lutheran Home and worked with a group that planned to process goat milk into gourmet cheese. They worked that year to try for countywide economic development efforts.

A new Eureka billboard was put up, and advertising was done in the Vacation Guide.

GOLD was active throughout the year with a steering committee of Barbara Billotto, Jaci Eberhart, Ann Wolff, Wanda Jundt, Bonnie Serr, Pastor Theresa Herman and Mark Toennies and it was spearheaded by Patsy Mehlhaff.

New ECDC board member that year was Fred Zahn. Barbara Guthmiller was hired as secretary.
