

What's Developing

If you are a homeowner and income-qualify, there is a program that may be able to help you with some upgrades for your home.

In a recent letter to the Eureka Community Development Company from HAPI (Homes Are Possible, Inc.) the following message was received:

“Homes Are Possible, Inc, (HAPI) is asking your assistance in reaching out to the low to moderate income families in your community. We have a \$6,500 grant that can be used for home repairs such as furnace/AC; electrical and plumbing upgrades, roofing, insulation and accessibility issues to name a few. HAPI serves Brown and surrounding counties. This grant does have income qualifications attached to it. These can be obtained by calling the HAPI office at 225-4274 or going to our website: www.homesarepossible.org.”
