

What's Developing

Courtney Burdess at the Lakeview Motel has a way to help local businesses. She will work in conjunction with all Eureka businesses to let those staying at the motel learn about the goods and services that are available locally.

Courtney is assembling a 3-ring binder for each room of the motel featuring all that Eureka has to offer. When travelers stay at the motel and want to know where to eat, what to do, and other information about the area, it will all be right at their fingertips.

She asks that those who would like to share their information to drop off 40 copies at the Lakeview Motel as soon as possible. They should be a regular size of paper (8.5 X 11) and can be either single sided or printed on both sides. There is no charge.
