

What's Developing

Pipeline construction will be happening in our area soon and that means that many workers will be looking for basic living needs. The first group that will be here are the surveyors and they have already begun looking for housing.

If you have a listing on any of the website housing sections, please check it for accuracy. If you no longer want it listed we can remove it.

The website is at www.eurekasd.com. Paper copies are also available at the Eureka Information Center.

If you have any changes in your listings please call the Eureka Community Development Company office at 605-284-2130 or email at ecdc@valleytel.net.
