

## What's Developing

Pheasant season is rapidly approaching, and the Eureka Community Development Company will again be a part of the SD Dept. of Tourism's Rooster Rush. ECDC applied for, and received, a grant for Rooster Rush merchandise. Because it is a small grant, quantities are limited and requests will be on a first come basis.

As in the past, participating businesses will be asked to wear Rooster Rush t-shirts every Friday (but can also wear them at any other time during the season). If a business has an employee that does not have a t-shirt from previous years, stop at the ECDC office to get a shirt. Businesses are also invited to display posters (hunting dog with a pheasant) and window clings – those can also be picked up at the ECDC office.

ECDC board members will be contacting homeowners along Highway 10 to ask permission to put up small Rooster Rush yard signs.
