

What's Developing

If your club or organization would like to reserve the Information Center for a meeting you can call the ECDC office and leave a message if no one is there. Or you can reserve it in person by entering your organization's name and the time of the meeting on the calendar on the table outside the office door in the conference room. The room is available to organizations on a first-come basis, although it can be reserved as much in advance as you wish.

Office hours at the Eureka Community Development Company office are Tuesday and Thursday from 9:00-4:00, with a lunch break at noon. Hours on other days will vary. If my vehicle is there, please feel free to stop in. ECDC is trying to make the part-time office hours as user-friendly to the public as possible.
