

What's Developing

The next big step in the Empower Eureka process will happen on Wednesday, September 6 at 7:00 PM at the School Lunchroom. Anyone and everyone is invited to attend.

Initiative Teams were identified at the Community Gathering earlier in the month. Paula Jensen will again be present to guide those involved in the Initiative Teams as they develop action plans and move toward their goals. The meeting will take about 90 minutes.

“The Initiative Teams are not a life sentence,” explained Jensen. Anyone is welcome to join one or more teams at any time and can leave the team or teams at any point during the process.

Come and bring a friend as we all learn and work together in the theme of “Building Hometown Possibilities”.
