

## What's Developing

Much more information will be forthcoming in upcoming weeks, but there have already been some dates set that you may want to jot down on your calendar. Empower Dakota will host Focus Groups on July 10-11. Sessions will be held in many parts of the community where people can participate and give their input. A survey, both online and paper copies, will be available at about that same time, and that also will be a way to gather information about the community and individual thoughts and observations.

On the evening of August 2 there will be a community wide meeting that everyone is invited to attend to continue to express their thoughts and to work together to set the course for new things to happen in Eureka. Everyone living in and around Eureka that considers Eureka to be "home" is encouraged to attend and participate in all of these opportunities.
