

## What's Developing

Mark Monday, November 27 down on your calendar. Everyone is invited!! Go to the Eureka School Lunchroom at 7:00 PM.

Why? There will be a meeting of all Empower Initiative Teams for a half hour so everyone knows what all of the teams are working on. Then the teams will meet individually to continue what they have started.

It does not make any difference if you have attended any of the prior meetings; if you have an interest in any of the areas please show up on November 27 and learn what is happening. Then, become involved in as many of the groups as you wish.

Groups that have set mission statements, which are basically where they want to be a year down the road, are Skilled Workforce Education, Business, Clean-up, Events, and Community Center. Other groups that have not gotten that far and that will not be worked on right away (unless people show up on November 27 and want to get those groups up and going) are Housing, Support Groups, and Recreation Infrastructure.
