

## What's Developing

The Eureka Community Development Company has a website at [www.eurekasd.com](http://www.eurekasd.com). This is used by people from all over the world, so it is very important to have current and correct information listed there.

If you have a business or rental house take a few minutes to check the information and if there are corrections send them to [ecdc@valleytel.net](mailto:ecdc@valleytel.net).

Events and meetings can be added to the website calendar at any time by emailing the information or calling 284-2130.
